

# Souvenir

The theatrical suite  
of AteliercuncheoN

directed by Andrea Benaglio

Souvenir is a multidisciplinary performance with an adaptable structure and a flexible group of artists. Indoor and open spaces can be transformed by our team creating an impressive impact for all kinds of public, searching the genius loci of each place as well as proposing a new poetic view on them. Music, dance and theatre will be at the disposal of the organizer to realize an authentic extraordinary event.

Souvenir will give the possibility to discover all the formal elements elaborated by AteliercuncheoN during these years of work. It will be possible to include inside this theatrical suite live music at high quality level, coming from the Arabic and Sufi tradition, as well as contemporary Egyptian dance, dance on stilts and on pneumatic stilts, theatrical actions with mask and acrobatic presentations.

An international group of artists, coming from different traditions and cultures, will be guided by the actor and director Andrea Benaglio, producing an original mosaic of evocative images and mysterious sounds animated by characters able to serve a new rituality and gestures from a liturgy without time... telling again about the desire of knowledge, the research of the wisdom...and about the group.

Andrea Benaglio

AteliercuncheoN *researchtheatre* guided by the actor and director Andrea Benaglio, focus its attention on the development of an original theatre practice based on the deep exploration of various multicultural and multidisciplinary elements. This direction of work takes energy from the certainty that the research theatre method is a valuable and respectful instrument to meet different cultures and popular traditions. Step by step, meeting particular traditional artistic techniques, AteliercuncheoN is discovering different universal ways of expression, opening the variety of artistic instruments for the actor's creation. If you are interested in organizing Souvenir or another performance and discover our theatre pedagogy during a creative research workshop, you can contact us on: [www.ateliercuncheoN.it](http://www.ateliercuncheoN.it)
